

Township of Strong Official Plan And Zoning By-law Review Project Commencement Notice

The Township of Strong is undertaking a review and update of its Official Plan and Zoning By-law. An Official Plan describes the Township's policies on how the municipality will grow, what will be protected and how land in your community should be used. It is prepared with input from your community to ensure it meets your specific needs.

An Official Plan deals with land use planning issues such as:

- Location of new housing, industry, businesses, and shops
- When, where, and how growth will occur
- Policies to protect lakes and the environment
- Services needed to accommodate growth

The intent of this update is to review the existing planning framework to incorporate new policy direction following recent changes to provincial legislation. In addition, it will consider local planning issues that impact your community.

A Zoning By-law is a legal document which implements the Official Plan. It regulates the use of the land and sets out the required standards for each land use.
